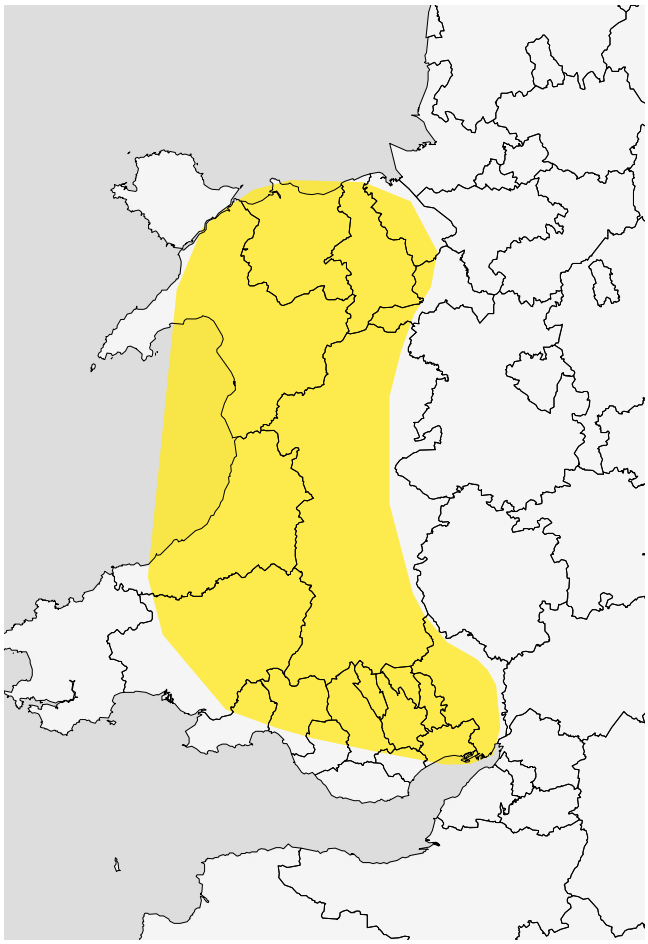
Yellow warning
Rain

Between
09:00 Wed 1 Jan 2025 and
21:00 Wed 1 Jan 2025



Heavy rain is likely to lead to some disruption on New Year's Day.

What to expect

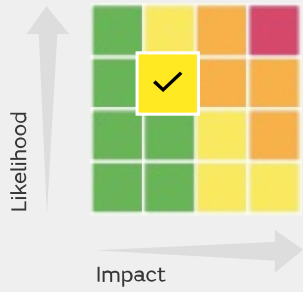
- Bus and train services probably affected with journey times taking longer
- Spray and flooding on roads probably making journey times longer
- Some interruption to power supplies and other services likely
- Flooding of a few homes and businesses is likely

Further details

Heavy and persistent rainfall is expected in association with a low pressure system which tracks east across the UK on New Year's Day. 20-40 mm is expected fairly widely, with 60-80 mm across hills.

What should I do?

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.



Medium likelihood of low impacts

Yellow warning
Rain

Between
09:00 Wed 1 Jan 2025 and
21:00 Wed 1 Jan 2025

Further Details (continued)

People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.

Check if your property could be at risk of flooding. If so, consider preparing a flood plan and an emergency flood kit.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
